I'm interested in sports, especially athletics, and I run seven or eight kilometers every day. While I'm running, I think about all sorts of things, and at the end of a run I'm sometimes surprised to find that I've managed to solve a problem that was on my mind.

Next year, I'm going to try the London Marathon. It's **hard** race of 26 miles, or 42 kilometers, and you have to be tough to finish, but I very much want to do it. I worry a bit about getting too old, and I'd like to prove to myself that I'm still almost as fit as I was twenty years old.

I'm interested in mountaineering as well as running. I'll never become an expert climber, but I know what I'm doing in the mountains. I successfully completed a course in snow and ice climbing when I was younger; and I've done a series of easy climbs in the Alps during
