**Read the following passage and mark the letter A, B, C, or D on your answer sheet to indicate the correct answer to each of the following questions from 31 to 36.**

Our planet is home to an astounding diversity of animal species, each possessing unique characteristics and adaptations that enable them to thrive in their environments. From the towering giraffes of the African savanna to the polar bears of the Arctic, the animal kingdom captivates our imaginations and inspires our sense of wonder.

Beyond their beauty, animals play a crucial role in maintaining the delicate balance of our ecosystems. They serve as pollinators, decomposers, and predators, contributing to the overall health and resilience of the natural world. Additionally, many species serve as indicators of environmental health, alerting us to the impacts of human activities on their habitats.

Unfortunately, a **significant** number of animal species face threats such as habitat loss, poaching,

and the effects of climate change. As stewards of the Earth, it is our responsibility to protect and conserve these magnificent creatures for future generations. This can be achieved through a complex approach, including supporting conservation efforts, adopting sustainable practices, and raising awareness about the plight of endangered species.

By **fostering** a deeper appreciation and understanding of the animal kingdom, we can cultivate a sense of respect for the natural world and our interconnectedness with all living beings. From the smallest insects to the largest marine mammals, each animal plays a vital role in the intricate web of life, and their preservation is crucial to the long-term health and flexibility of our planet.

**Question 31.** What is the significance of the animal kingdom?

- A. It maintains the balance of our ecosystems.
- B. It prevents human activities from destroying the environment.
- C. It possesses unique characteristics and adaptations.
- D. It is used by humans for a diverse number of purposes.

**Question 32.** What is the OPPOSITE meaning of **significant** in paragraph 3?

- A. small
- B. considerable
- C. simple
- D. unstable

**Question 33.** What are the threats facing animal species today mentioned in paragraph 3? .

- A. Environment destruction and climate change
- B. Habitat loss, poaching, and climate change
- C. Habitat loss and pollution
- D. Climate change and deforestation

**Question 34.** Which is NOT mentioned as an approach to the conservation of animals?

- A. Supporting conservation efforts
- B. Raising awareness about the plight of endangered species
- C. Appreciating a deeper understanding of the animal kingdom
- D. Adopting sustainable practices

**Question 35.** The word **fostering** in the last paragraph is CLOSEST in meaning to /.

- A. estimating
- B. proposing
