Read the following passage and mark the letter A, B, C, or D on your answer sheet to indicate the correct answer to each of the following questions from 31 to 36.

The way we work is changing rapidly. In the past, many people worked in factories or offices. Today, more and more people are working from home or in other flexible locations. This is due to the rise of technology, which has made it possible to connect with people and access information from anywhere in the world.

One of the biggest changes in the world of work is the increasing importance of skills. In the past, it was often possible to get a job without having any specific skills. However, today employers are looking for people who have the skills and knowledge needed to succeed in their roles. This means that it is more important than ever to get a good education and to develop your skills throughout your career.

Another important change is the rise of the gig economy. This refers to the growing number of people who are working on a <u>freelance</u> or contract basis. The gig economy offers a lot of flexibility, but it can also be challenging to find consistent work and income.

Despite these challenges, the future of work is looking bright. There are many new opportunities emerging, and technology is creating new jobs that didn't exist before. With the right skills and attitude, it is possible to have a successful and rewarding career in the modern world of work.

Question 31: What is the main idea of the passage?

- A. The gig economy is replacing traditional jobs.
- B. The Rapid Changes in the World of Work.
- C. The Future of Technology for Work.
- D. The impact of technology on modern work.
