**II. MULTIPLE CHOICE COMPREHENSION.** Read the following passage and mark the letter A, B, C, or D on your answer sheet to indicate the correct answer to each of the questions from 1-4. (1m)

### **Soil Salinity in Vietnam**

In Vietnam, farmers face a big problem called soil salinity. This happens when there's too much salt in the soil, making it hard for plants to grow. It's especially **tricky** in places like the Mekong Delta, where farming is essential for people's lives.

There are two main reasons why soil becomes salty in Vietnam. First, the sea is getting higher because of climate change. This means salty water from the sea goes further onto the land, making the soil salty too. Second, sometimes farmers use too much water and chemicals on their fields. This can also make the soil salty. When soil is too salty, it's tough for plants to grow well. They might not even grow at all or make enough food. This is bad news for farmers who rely on their crops to make money and feed their families. To fix this problem, scientists and farmers need to work together. They can try different kinds of plants that can handle salty soil or build better ways to manage water on the farms. It's also important to teach farmers how to take care of their land without making **it** too salty.

By working together and finding ways to solve the problem, Vietnam can make sure its farms stay healthy, and farmers can keep growing food for everyone.

1. The passage is mainly about \_\_\_\_\_?
 

A. Soil fertility in Vietnam
B. Climate change in Southeast Asia

C. Soil salinity in Vietnam
D. Agricultural practices in the Mekong Delta
2. The word **“tricky”** is closest in meaning to \_\_\_\_\_.
 

A. straight
B. simple
C. risky
D. challenging
3. The word **“it”** in paragraph 2 refers to \_\_\_\_\_.
 

A. farmers
B. land
C. soil
D. water
4. What does the passage suggest as a solution to the problem of soil salinity in Vietnam?
 

A. Collaboration between scientists and farmers  
 B. Expanding urban areas into agricultural land  
 C. Increased use of chemical fertilizers  
 D. Importing crops from other countries

**III. TRUE / FALSE. Read the article about BILL PRINCE – SMITH. Are sentences 1- 4 TRUE or FALSE.** Write your answer in the box provided. (1m)

### Bill Prince-Smith

Bill Prince-Smith was a farmer and a teacher and a dentist before he became a writer of children's books at the age of 60. Now, thirteen years later, he has written more than 80 books. Every day, he goes into his office and writes. In the evening, he gives the work to his wife to read. 'She tells me when she doesn't like something,' says Bill. 'My ten grandchildren don't live near here but they also read my stories and say if they are good or bad.' And so Bill has learned what young children want to read.

Bill writes about the life in his village and on the farms near it. His fifth book is his favourite: *The Sheepdog* is about a farmer and the dog that helps him. 'I have always liked animals,' says Bill, 'and dogs are so clever, they learn very quickly.'

Last year, the book was made into a film with real animals and actors. The film-makers used the latest computer technology to make people think that the animals are speaking. Bill was very pleased with the film. 'Sometimes filmmakers change books, but they didn't change mine and I love the film.'

1. Bill became a writer thirteen years ago.
2. Bill shows his writing to his wife.
3. Bill writes books about his grandchildren.
4. *The Sheepdog* was Bill's first book.
