Hello everyone. Welcome to Trang An Scenic Landscape Complex. My name is Thanh and I'm your guide for this tour.

First, let me give you some quick facts. Trang An became the first site in Viet Nam to be recognized by UNESCO as a mixed World Heritage Site in 2014. It's famous for its beautiful landscape and long cultural history. The site consists of three protected areas: the Hoa Lu Ancient Capital, the Trang An-Tam Coc-Bich Dong Scenic Area, and the Hoa Lu Special-Use Primary Forest. These areas are linked together by limestone mountains, valleys, and rivers. Trang An ecosystem has more than 600 types of plants and 200 types of animals.

Trang An is also a place where nature meets culture. Evidence from the caves that we'll visit today shows how early humans interacted with the natural environment to deal with climate change over a period of 30,000 years. The site also contains hundreds of temples and historic pagodas dating from different historical periods.

As you'll see, the site is a place of natural beauty and wild scenery that has not been changed or damaged by human activities. There is a long

history of protection of the area and most of the site is still in its natural state. For example, **the architecture of the pagodas and temples is kept in its original style**. Any work to preserve, protect, and promote the area is planned carefully.

Now, we'll start our tour with..

PART 2: Listen to the conversation and fill the blanks with No More Than Two Words.

Trang An is famous for its beautiful (6)_____ and long cultural history with The Hoa Lu (7)_____, the Trang An-Tam Coc-Bich Dong Scenic Area, and the Hoa Lu Special-Use Primary Forest which are the three protected areas sites.

Over a span of 30,000 years, evidence from the caves we'll tour today demonstrates how early humans (8)_____ with the natural environment to deal with climate change.

There is a long history of (9)_____ of the area and most of the site is still in its natural state. Therefore, any work to(10)_____, protect, and promote the area is planned carefully.
