## Speaking Test – Unit 11

**TASK 1** Now let's talk about saving the environment. Are you ready?

1. What do you do to keep your school green?
2. How do you save water at home?
3. What old items can you recycle?
4. Why do we need to protect the environment?

**TASK 2** Look at the following pair of cards. On one card there is some information and on the other card there are clues for five questions. You should use the clues to make questions and ask your friend. Your friend will answer the questions based on the information he/she has. You will have 30 seconds to prepare.
