It seems that people still like going to the cinema when they want to watch a film. 46% say they go to the cinema more than once a month but only 40% rent a video or DVD.

There are 2 activities which everybody or nearly everybody says they do. Everyone who took part in the survey says read a newspaper or magazine and 93% say they go for a walk though they don't say if it's a long walk.

Going to a restaurant was one of the most popular leisure activities, according to the results of the survey. 64% of people say they regularly eat out.

It seems that many more people like listening to music than playing it. 71% say they regularly listen to radio, but only 8% say they can play a musical instrument.

Speaker 1: I chose to live in a village because the relationships between people here are very good. There is a great sense of community here. The people welcome neighbours to their homes. They are always willing to help each other. They share almost everything with one another.

Speaker 2: There are many things I don't like about life in the countryside. There aren't many good schools or colleges. It's boring here because there aren't many places for entertainment like theatres, cinemas, etc. Transportation is another big problem. There are few means of public transport. And in general, there are many things that we should do to improve the life of villagers.

Speaker 3: I love to live in the countryside. It is spacious. We can do many, many things that are hard to do in the city. We can go swimming, play football, fly kites and do other interesting things. Life is also peaceful and simple here.
