46. _____ For me, every weekday begins the same: I get up at 7.00. I have breakfast, I take the bus to school, I go to lessons ... I don't hate this daily routine, but it isn't very thrilling. In the evenings, however, I drive Formula 1 cars, build enormous cities and defend my planet against aliens. In short, I play computer games. It's like entering a different world. That's why I love playing them so much.

47. _____ My interest in computer games has taught me a lot about computer graphics. I want to study computing at college, and learn how to design and program games. Eventually, I'd like to start my own software company, creating and testing new games. That way, I could spend all day doing what I love most.

48. _____ Computer games are interesting because they often contain stories and characters. The games are getting better all the time, but they are also getting more expensive. The only thing I don't like about my hobby is the cost! New games are often about \$50.

49. _____ Some of my friends from school are interested in computer games too. We normally meet at my house in the evenings and play for a few hours. We sometimes play at weekends, but if the weather's good I prefer to go cycling or play basketball instead.

50. _____ I first became interested in computer games about four years ago. I was staying with my cousin for the weekend. He had some games and he taught me how to play them. I became hooked immediately! When I got home, I decided to save all my money for buying games. Now I've got about twenty different games.

Part 3: Read the text and choose the best answers (10pts)

Do you know that we are destroying our environment by our everyday activities? We are cutting down too many trees and burning the forests. We are wasting too much water and power. We are burning too much coal, oil and gas. We are also polluting the air, the land, the rivers and the oceans by producing too much gas and trash. Moreover, we are destroying a lot of wild plants and animals. That's the reason why lots of animals are in danger.

So do you know what we should do and should not do to protect the environment? First, don't damage trees, plant them. Second, don't throw trash on the streets, into the rivers or in the countryside, put *it* in a trash can. Third, we shouldn't waste water and power. When we see a dripping faucet, turn it off. Or **switching a light off** when we don't need it is also a good way to save power. Next, we should collect empty bottles, cans, waste paper, scrap metal and old plastic and recycle them. Finally, encourage people around us to do these things because protecting the environment is what everyone should take part in.
