Read the following passage about urbanization and mark the letter A, B, C, or D on your answer sheet to indicate the best answer to each of the following questions from 23 to 30.

By 2050 the world's population is expected to reach 10 billion, and nearly 70 per cent of these people will live in cities. The cities of the future will be 'smarter and more sustainable to cope with a growing population and improve people's lives.

A smart city is a modern urban area that uses a range of technologies to provide services, solve problems, and support people better. The new technologies can help save time by predicting changes in the traffic and warning people of possible traffic jams. **They** will also help cities operate more **efficiently**. For example, street lights can turn off when the streets are empty, and sensors can inform waste collection teams when the bins are full. These smart technologies will help save energy, reduce air pollution, and fight climate change.

Cities in the future will also be sustainable. They will include a lot of green space and become home to more plants and animals. Making room for biodiversity and nature can be done in **various** ways including underground and rooftop farming, green roofs, and roof gardens. As people will care more about the environment, most cities will use renewable and clean energy. Modern infrastructure will also be more eco-friendly. Computer-controlled transport systems like electric buses and trains will produce less greenhouse gas emissions. In addition, more pedestrian zones for walking and cycle paths will be made available for people in all neighbourhoods.

These features will make future cities more liveable and will provide a high quality of life to city dwellers.

(Adapted from Global Success)

Question 23. Which of the following is NOT mentioned as a factor of a smart city?

- A. sustainability
- B. Higher crime rates**

A. Paragraph 1 B. Paragraph 2 **C. Paragraph 3** D. Paragraph 4

Question 30. Which paragraph gives you the definition of a kind of city?

A. Paragraph 1 **B. Paragraph 2** C. Paragraph 3 D. Paragraph 4

Read the following passage and mark the letter A,B,C or D on your answer sheet to indicate the option that best fits each of the numbered blanks from 31 to 40.

Lifelong learning is the continuous pursuit of knowledge and skills throughout a person's life. In today's world, where technology is evolving rapidly, lifelong learning is essential for both personal growth and career development. But just how does one go about becoming a lifelong learner?

[I] The first step in becoming a lifelong learner is to develop a growth mindset. [II] Embrace challenges, view mistakes as opportunities to learn, and be open to new ideas and perspectives. [III] Adopting a growth mindset will help you approach learning with a positive attitude and a desire to improve. [IV]

Setting achievable goals is also an important part of lifelong learning. **They** give direction and motivation to your learning journey. First, identify areas of interest and choose specific skills or knowledge that you want to develop. Second, break your goals down into smaller, more manageable tasks and track your progress. Finally, celebrate your accomplishments along the way to stay motivated.

People learn in different ways, so it's also essential that you find the methods that work best for you. You can do this by trying out a variety of different learning methods, such as reading, watching videos, attending lectures and engaging in **hands-on** practice. At the same time, you should also **try out** different learning tools and techniques until you find what works best for you.

Becoming a lifelong learner is a continuous process that requires dedication and effort. Developing a growth mindset, setting achievable goals, and using a variety of learning methods are essential steps to becoming a successful lifelong learner. By embracing learning as a lifelong journey, you will continue to grow, develop new skills, and stay relevant in today's ever-changing world.

(Adapted from *Bright*)

Question 31. Where in paragraph 2 does the following sentence best fit?

This means believing that your abilities can be developed through hard work, dedication and commitment.

- A. [I] **B. [II]** C. [III] D. [IV]

Question 32. The word They in paragraph 2 refers to _____.

- A. important parts **B. goals** C. new ideas D. perspectives

Question 33. Which of the following best summarises paragraph 3?

- A. Achievable goals in lifelong learning should focus only on completing tasks quickly, without reflecting on or celebrating any milestones.
