IV. Read the following passage and do as direct. (17-22)

Nowadays, cashless payments are becoming very popular. Instead of using coins or paper money, people can pay with cards, phones, or watches. This new way of paying is changing how we shop and manage our money.

Cashless payments are fast and easy. You don't need to carry a heavy wallet full of cash. Just tap your card or phone, and you're done! It's great for small purchases like coffee or big ones like electronics.

Using cashless methods is often safer than carrying cash. If you lose your card, you can quickly block it. With cash, once it's gone, it's gone. Many banks also offer protection against fraud for cashless transactions.

Cashless payments help you keep track of your spending. You can see all your purchases on your bank app or statement. This makes it easier to budget and save money.

For businesses, cashless payments are good too. They don't need to handle as much cash, which saves time and reduces errors. It's also easier to keep financial records.

In short, cashless payments are making buying things quicker, safer, and more convenient for everyone.

Câu 17. Cashless payments can only be made with cards.

- A. True B. False

Câu 18. Using cashless methods is generally safer than carrying cash.

- A. True B. False

Câu 19. Cashless payments make it harder to track your spending.

- A. False B. True

Câu 20. Businesses benefit from cashless payments by saving time and reducing errors.

- A. True B. False

Câu 21. What is one advantage of cashless payments for individual users?

- A. It works without an internet connection B. It requires carrying a lot of cash
C. It allows for quick and easy transactions D. It's only useful for large purchases

Câu 22. How do cashless payments help with personal finance management?

- A. By automatically investing your money
B. By making it easier to see and track all your purchases
C. By providing physical receipts for all purchases
D. By preventing you from spending money
